operated by
Holton & Hunkel Co.

Nursery:
9160 N. Cedarburg Rd.
Flagstone 1-8526

Mailing Address:
797 N. Milwaukee Street
Milwaukee 1, Wisconsin

A MEMO TO OUR CUSTOMERS

We wish to thank all our customers for their part in making our past year a successful one. We are and will always strive to improve our service and quality to merit your continued business. In producing this quality and service for our customers, we believe strongly in the following program:

- Fertilizing - All fields are rested periodically in green manure crops, and commercial fertilizers are being applied every year.
- Cultivating - Constant cultivation, which not only conserves moisture but improves the fibrous root system of all plants.
- Root Development - All material is several times transplanted and root pruned to insure a compact and fibrous root system.
- Spraying - Preventive spraying stops trouble before it occurs and insures healthy vigorous plants.
- Shaping - Correct pruning at the right time is necessary to secure a well formed, compact tree.

All these steps are equally important in producing a top quality evergreen. We invite you to visit our nursery and see for yourself the results of our efforts.

§ § § § § § § §

TERMS

All evergreens are offered subject to prior sale, with no warranty expressed or implied. Net and F. O. B. our Nursery.

A 2% discount is offered for cash with order.

LINING-OUT STOCK

Our listing of lining-out stock, although not as extensive as we would like, is high in quality. We offer the following twice transplanted, heavy sturdy plants which will grow into specimen material in a minimum of time. This quality, together with our careful digging and packing, assures your complete satisfaction.
